

## NP

### RESISTIVE PROBES

Body material	Noryl
Colour	Grey
Electrode	SS AISI316 Ø 3mm.
Length electrode	20 mm.
Process connection	By screws.
Electric connection	PVC cable (5m)
Max. temperature	+70 °C.
Pressure	10 K/cm <sup>2</sup> a +60 °C.
Model - Nr. Electrodes	NP 2 Electrodes.
Used with the relays	Level relays for conductive liquids: families of relays PN, DN and SN.
